Is ELITEBET the best in-running betting exchange trading centre in Britain?

Wanted due to expansion: Three experienced professional gamblers who require SIS, Turf TV and a fibre optic pipe.

Elitebet was set up to offer punters a haven for in-running betting. The trading centre was the first to offer punters an in-running service in London 18 months ago, and the first exchange office to screen the new Turf TV service. Since then, the highly valued support of our successful clients has grown Elitebet into one of the busiest and highest-spec trading offices in Britain.

Consistent winners

Some of our customers were beginner gamblers when they first visited Elitebet. Today, many have become consistent winners by using their in-running judgement and Elitebet's high-tech facilities to earn profits day in, day out.

Fibre optic internet link

Now Elitebet has piped a jaw-droppingly expensive gigantic FIBRE OPTIC link into its HQ. The technology wires our

customers directly into the internet backbone - bypassing the online traffic congestion at local phone exchanges which plagues normal broadband.

Yet lighting fast internet speed is only part of the package. Our internal computer network and high-spec dual-core processors are supported by on-call IT support.

Crystal clear television signal

Elitebet is also equipped with a five metre diameter motorised satellite dish, full SIS service, Turf TV and Sky Sports to provide clients access to the widest range of in-running sports events. Our clients were the first in the country to receive the new Turf TV service now favoured by in-running punters.

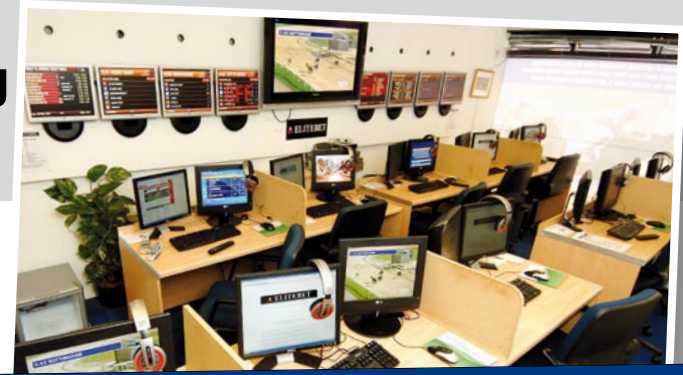

Pin-sharp picture quality, which helps highlight significant mid-race developments, is vital for successful in-running betting. Yet

many trading rooms offer grainy, ghost-ridden pictures because the TV signal is split across too many televisions. Elitebet has installed a professional hotel TV distribution system to offer breathtaking image crispness.

Future-proofing: Elitebet is in last area of the country to suffer from analogue switch-off of terrestrial TV broadcasts.

Location: two mins from tube & unlimited FREE parking after midday. Outside congestion charge. Close to A1 access route to London for easy commute from outside London.

Prices: £32-a-day for a budget seat, £40 per day full fibre optic service. Discounts available for monthly subscribers. FREE trials available for clients upgrading to Elitebet from other trading rooms. FREE hand-made tea and coffee served to you at your seat.

How professional in-running punters make money

Intrigued by the potential of in-running betting?

Register NOW to guarantee a place on Elitebet's next renowned in-running horse racing training course on 00 Month by emailing info@elitebet.com or call 0208 341 5555.

Our 3-hour evening courses cost £99 and lift the lid on the in-running revolution. It covers API software packages, how to use them, trading strategies, live demonstrations and features a Q&A with a full-time in-running pro punter.

Course NOT suitable for total beginners.

Private trading rooms:

Elitebet is seeking high-rolling betting exchange punters who require more privacy to lease private trading rooms within our HQ in Highgate, North London.

Investors wanted:

Elitebet is on the verge of unveiling exciting expansion plans and are seeking outside investors with gambling industry knowledge. Contact Elitebet for further information about this one-off opportunity to buy a stake at the cutting edge of the betting revolution.
